

AGM Ride report for 2019/20

In 2019 Newham Cyclists (NC) organised 31 rides that have continued to develop in terms of range and variety. Ride reports including photos provide an illustrative account of each ride and give members an opportunity to evaluate the activity

Some key features

Partnerships with AAA, Bike from Boleyn, specialising in Greenway riding for children and novice cyclists

Rides include local circuits, themes including Art along the Lea and Thames, Brewery tours, Newham's industrial heritage, Xmas lights, and West Ham FC.

Longer rides into Essex, Kent and Hertfordshire continue to draw regular participants not just from Newham but also from across the LCC area

The Freecycle feeder ride attracted the most participants and is a celebration of cycling in London

Currently the Coronavirus epidemic has curtailed group rides but we are planning to upload routes to the NC website so that they are accessible to members
